Product Description

Morbark Eger Beaver 2230 Brush Chipper

Ideal for entry-level biomass production, lot and land clearing contractors, contractors, and large tree services, this high-capacity, high-production chipper has more standard features than any other chipper in its class and is offered in a variety of configurations for incredible versatility. The Eger Beaver 2230 is available in a wide variety of configurations. Select the two-speed, steel track undercarriage with 4.24 psi (29.23 kPa) ground pressure and take the chipper to the material. Add the optional 5' (1.5 m) infeed deck for no-hassle feeding. The versatile, high performance Forestry model, built heavier in critical wear areas, provides optimal performance for in-woods chipping. Or add a powerful Mor Lift Model 150M hydraulic knuckle boom loader.
