Product Description

Kress 60 V 16" brushless attachable line trimmer - KG164

The Kress 60 V attachment capable trimmer has a brushless motor for maximum power and durability, it allows you to transform your trimmer into an edger, brush cutter, pole saw, pole hedger, cultivator, and bristle brush, rubber broom for cleaning road or grassland.

- Optional attachments (sold separately) expand the applications to include cutting, trimming and cleaning. Easy to change tool heads via the Flex Connect system.
 - Provides gas-performance power, tackles high, dense grass with a single-pass.
 - Kress-built brushless motors deliver greater levels of power, runtime and an extended service life.
 - Quick line load design for rewinding the line easily. Insert the line into the spool directly and twist the rotary knob, it reloads in seconds.
 - ECO mode with variable-speed trigger control helps maximize the run time.
 - Multi-position handle ensures the optimum balance and control for slope and reduces vibration.
 - Bump-line feed system, lengthen the line easily, by tapping the trimmer head.
 - Part of Kress 60V Battery System, one 60V battery can power all Kress 60V tools. Kress 60V max battery technology easily matches the performance of a petrol engine.
-
