Product Description

Kress 60V / 2.5 Ah Lithium Battery - KA3001

The 60V max 2.5Ah lithium-ion battery guarantees continuous power and faster charging for the toughest jobs. Stay cool technology, even under high loads; manufactured from top-quality materials for longer service life.

- 60V battery provides petrol-like power without any emissions
 - 2.5 Ah capacity for tasks that demand higher levels of energy and a longer runtime
 - The intelligent battery management system smartlink continuously monitors the communication between the tool and battery. guaranteeing the optimal amount of energy supplied to your tool
 - The insulating HDPE battery shielding, ensures the battery cells stay cooler for longer, which significantly increases the efficiency, runtime, and overall battery life
 - The built-in battery cell guard protects from extreme external temperatures, moisture, vibration and physical impacts
 - Battery capacity indicator for a quick reference of the battery status
 - Waterproof design for continuous working even when it is raining
-
