Product Description

ODES PathCross 1000 Pro L ATV

CST 30" MUD TIRES

With these CST 30" Mud Tires you could get a higher ground clearance and a better smoother riding experience.

TOP PLACED COOLANT EXPANSION TANK

This design prevents excessive mud from covering the heat dissipation pads of the coolant tank which will maintain optimal engine cooling performance through seriously challenging terrain.

HIGHER WATER WADING DEPTH

With higher air intake, CVT intake & exhaust, fuel tank vent, and waterproof ignition coil PathCross Mud series could wade deeper water than ever.
