Product Description

GiANT Loaders - G2500 Compact Wheel Loader

The Giant G2500 HD features a new Final Tier 4 Kubota 4 cylinder diesel without exhaust gas after treatment systems to ensure performance and low maintenance costs. The Giant G2500 HD comes standard with a 2-speed gearbox and heavy-duty axles that deliver a high pulling force and travel speed up to 12.4 mph. The Giant G2500 HD compact wheel loader can be equipped with a full cab with heat for operator comfort. A wide tire selection, optional traffic lights and additional hydraulic options make this machine a great fit for snow removal purposes, landscaping & tree work, construction or farming. The G2500 comes with either a standard boom or an X-Tra boom configuration that offers more visibility and a higher lift capacity. A foldable ROPS is available for work in low clearance areas. This machine comes standard with a universal full size SSL plate and hydraulic quick attach.
