- **THE BAD BOY LEGACY:** Built on the legacy of classic Bad Boy Mower performance and strength, the new Bad Boy Rebel X Zero-Turn Mower takes everything you love about our Rebel mower, and dials it up a notch. It's proudly made at our Batesville, Arkansas headquarters using a heavy-gauge, all-steel, all-welded and fabricated 1.5" x 3" frame rail that's built to last a lifetime. And Rebel X features our legendary Armor-Tek deck that's made with quarter-inch steel, with sides that are 3/8" thick. Patented Dual Deck Support Isolators, with deck wear pad, help minimize damage from side impacts. The PEER maintenance-free spindles are made from strong ductile iron. It's commercial-grade strength that continues to break the rules.
- **REBEL UPGRADES:** If speed is what you need, you're going to love the Rebel X Zero-Turn Mower. Our newest addition to the Bad Boy line-up has been equipped with 5400 transaxles. They're faster and more robust, so you can take full advantage of any of our powerful engine choices. And you'll be rolling on Michelin® Tweels rear tires with renowned run-flat technology. These tires come with a revolutionary rear tread pattern that grips like a glove, so you can confidently mow any terrain. This

- **COMFORT THAT DEFIES THE RULES:** The Rebel X Zero-Turn Mower also offers an upgrade in comfort. Climb into the premium adjustable suspension seat and set it exactly where you want it. Still not enough? The steering arms, steering tension, even the pedals are adjustable as well. All of these adjustments ensure your Rebel X will fit you perfectly and let you mow all day long. If you want comfort, look no further than the Rebel X.
