Product Description

Arctic Cat Widescape 2027 242 cc Snowmobile

The ultimate snowmobile for enduro adventures, lightweight, agile and made for exploring off-trail. Experience new and uncharted winter playgrounds with our first stand-up snowmobile. The Widescape offers competitive specification for its class and benefits from Arctic Cat's legacy of snowmobile innovation. Whether you are a seasoned enthusiast or a rider building hours in their home riding area, the Widescape brings a proven combination of chassis engineering, powertrain capability, and standard equipment to the trails.

Arctic Cat has been producing snowmobiles since 1962 and the Widescape series continues that tradition with a machine that reflects current engineering priorities while remaining true to the brand's commitment to rider-focused design. The 242 cc engine at the core of the Widescape powers it through a wide range of conditions with consistency and character.

The Widescape is built for enduro events, long-distance winter trail runs, and multi-day expeditions where reliability, fuel range, and rider comfort over extended hours are critical. It suits riders who participate in organized long-distance events or who simply enjoy exploring remote trail networks that require a self-sufficient, capable machine capable of going the distance. The Widescape is backed by a 12 Months warranty.

Engine and Powertrain

The Widescape is powered by a Liquid-cooled, four-stroke engine, na cooled, with efi fuel delivery. The bore and stroke dimensions of 71 mm x 61 mm (2.79 in. x 2.40 in) give the engine its distinctive power character. Clutch duties are handled by a CVTech® / NA setup, calibrated to deliver smooth and efficient power transfer across the power range. The exhaust system, na, contributes to the engine's overall performance character. A minimum octane rating of Premium unleaded recommended / 86 is recommended to maintain proper engine performance.

- Displacement: 242 cc
- Engine type: Liquid-cooled, four-stroke
- Cooling: NA
- Cylinders: 1
- Bore x stroke: 71 mm x 61 mm (2.79 in. x 2.40 in)
- Fuel delivery: EFI
- Drive clutch: CVTech®
- Driven clutch: NA
- Reverse: NA
- Fuel capacity: 2.11 US gal. (8 L)
- Minimum octane: Premium unleaded recommended / 86
- Starter: Electric

Track and Suspension

The Widescape runs a 2,667 mm (105 in) x 305 mm (12 in) Custom designed scaled track made by Soucy® track with a 38 mm (1.5 in) lug height and NA pitch. The track configuration is optimized for the groomed and lightly off-trail conditions that define the enduro snowmobile category. The front suspension features Widescape® Design / 140 mm (5.51 in) travel with 5.51 in of travel, while the rear suspension uses Widescape® Design / 100 mm (3.93 in) travel with 3.93 in of travel for the intended riding style.

- Track length: 2,667 mm (105 in)
- Track width: 305 mm (12 in)
- Track type: Custom designed scaled track made by Soucy®
- Lug height: 38 mm (1.5 in)
- Pitch: NA
- Front suspension: Widescape® Design / 140 mm (5.51 in) travel
- Front travel: 5.51 in
- Rear suspension: Widescape® Design / 100 mm (3.93 in) travel
- Rear travel: 3.93 in
- Ski type / width: UHMW material with single keel and dual-sided metal lips / 305 mm (12 in)
- Ski stance: 305 mm (12 In)
- Brakes: J.Juan® floating caliper system

Chassis and Dimensions

The chassis of the Arctic Cat Widescape is designed to balance rigidity with weight management. With trail performance and rider ergonomics as key drivers. The heat exchanger configuration is na, designed for consistent cooling across typical operating temperatures.

- Overall chassis length: 2,200 mm (86.4 in)
- Overall chassis width: 800 mm (31.44 in)
- Overall chassis height: 1,300 mm (51.12 in)
- Heat exchanger: NA

Features and Standard Equipment

The Arctic Cat Widescape comes equipped with a range of standard features selected to enhance the riding experience from the moment you take delivery. Lighting is provided by led for strong visibility on early morning or evening rides. The na windshield offers appropriate wind and weather protection for the intended riding category. The aluminum, width: 780 mm (30.30 in) diameter: 35 mm (1.37 in) rise: 15 mm (0.59 in) handlebar design positions the rider comfortably for the intended riding posture. Available in Black, the Widescape presents a distinctive and purposeful appearance.

- Lighting: LED
 - Windshield: NA
 - Handlebars: Aluminum, Width: 780 mm (30.30 in) Diameter: 35 MM (1.37 in) Rise: 15 MM (0.59 in)
 - Seating style: NA
 - Available colors: Black
 - Starter: Electric
