### Product Description

#### Arctic Cat ZR 200 2024 192cc Snowmobile

The ZR® 200 is an SSCC trail-certified sled that gives young riders a taste of high-performance features, with more power, more control and a true trail-ready feel. This is where confidence meets capability. The ZR 200 offers competitive specification for its class and benefits from Arctic Cat's legacy of snowmobile innovation. Whether you are a seasoned enthusiast or a rider building hours in their home riding area, the ZR 200 brings a proven combination of chassis engineering, powertrain capability, and standard equipment to the trails.

Arctic Cat has been producing snowmobiles since 1962 and the ZR 200 series continues that tradition with a machine that reflects current engineering priorities while remaining true to the brand's commitment to rider-focused design. The 192cc engine at the core of the ZR 200 powers it through a wide range of conditions with consistency and character.

The ZR 200 is designed for young riders who are ready to begin their snowmobiling journey under proper supervision. Arctic Cat recommends that all youth riders complete a certified training course and review the owner's manual before riding. It is an excellent choice for introducing young riders to the sport in a safe and enjoyable way, with appropriate power output, a manageable chassis size, and safety-oriented design features. Parents and guardians can feel confident knowing that the ZR 200 has been built with young rider safety as a primary consideration. The ZR 200 is backed by a 12 Months warranty.

#### Engine and Powertrain

The ZR 200 is powered by a 200, 4-Stroke engine, air cooled, with BS-25 carburetor fuel delivery. The bore and stroke dimensions of 70 x 50 mm give the engine its distinctive power character. Clutch duties are handled by an Arctic 5.25 in Diameter (RPM Sensing) / Arctic 6.75 in Diameter (Roller Cam) setup, calibrated to deliver smooth and efficient power transfer across the power range. The exhaust system, muffler, contributes to the engine's overall performance character. A minimum octane rating of 87 is recommended to maintain proper engine performance.

- Displacement: 192cc
- Engine type: 200, 4-Stroke
- Cooling: Air
- Cylinders: 1
- Bore x stroke: 70 x 50 mm
- Fuel delivery: BS-25 Carburetor
- Drive clutch: Arctic 5.25 in Diameter (RPM Sensing)
- Driven clutch: Arctic 6.75 in Diameter (Roller Cam)
- Reverse: N/A
- Fuel capacity: 2.2 gal
- Minimum octane: 87

- Starter: Turnkey Electric Start

## **Track and Suspension**

The ZR 200 runs a 93 in x 10 in Cobra track with a 1.00 in lug height and 2.59 in pitch. The track configuration is optimized for the groomed and lightly off-trail conditions that define the youth snowmobile category. The front suspension features AWS with 4.5 in of travel, while the rear suspension uses Slide-Rail, Adjustable Torsion Spring & Coil-Over Rear Shock with 8.5 in of travel for the intended riding style.

- Track length: 93 in
- Track width: 10 in
- Track type: Cobra
- Lug height: 1.00 in
- Pitch: 2.59 in
- Front suspension: AWS
- Front travel: 4.5 in
- Rear suspension: Slide-Rail, Adjustable Torsion Spring & Coil-Over Rear Shock
- Rear travel: 8.5 in
- Ski type / width: Youth - 5 in
- Ski stance: 29.5-31.5 in - Adjustable
- Brakes: Hydraulic Brake/Disc on Driveshaft

## **Chassis and Dimensions**

The chassis of the Arctic Cat ZR 200 is designed to balance rigidity with weight management. With trail performance and rider ergonomics as key drivers. The heat exchanger configuration is n/a, designed for consistent cooling across typical operating temperatures.

- Overall chassis length: 84 in
- Overall chassis width: 35-37 in
- Overall chassis height: 36 in
- Heat exchanger: N/A

## **Features and Standard Equipment**

The Arctic Cat ZR 200 comes equipped with a range of standard features selected to enhance the riding experience from the moment you take delivery. Lighting is provided by halogen 1-bulb for strong visibility on early morning or evening rides.
