Product Description

Commercial 30" X-Series Self Propelled Mower

Don't let its size fool you. Our Commercial 30 mower is deceptively light and easy to maneuver. In fact, it feels and handles much like its Commercial 21 counterparts. The major difference: its 30-inch cut delivers up to a 40% increase in cutting efficiency compared to a standard 21-inch mower without wearing out the machine or its operator. Equipped with Kohler® CV200 Command Pro engine and heavy-duty transmission for increased performance and durability. Increase productivity with ground speeds up to 3.8 mph and a large-capacity 2.5-bushel bagger.
